## Hello and Welcome to AMJ Spectacular Events!

# AMJ Spectacular Events

A huge thank you to all of our loyal customers for their support in making AMJ Spectacular Events what it is today! Without you, we wouldn't be going strong for 15+ years. As we look back on our years in business, we can't help but feel a sense of pride and accomplishment for all we have built together. Since our humble beginnings in backyard parties, we've grown to accommodate large collegiate, corporate, country club and social events. In that time we've gained the knowledge of what type of equipment works best for each event, all while sticking with your theme and budget. We're your complete party rental and events company designed to fit any sized party at any budget. We take great pride in being family owned, and operated by not only our family but our dependable team as well. Our guarantee to our clients is a professional yet friendly experience from the beginning; our expert Event Planners will guide you through to the execution of your event. As the area experts in the Chicagoland and Midwest, we are proud to be your premier event & party rental company and we look forward to serving you!

At AMJ Spectacular Events, we take safety so seriously that in addition to licensing, registrations, and being fully insured, our team has also undergone Background Checks, and Child Wellness training. We are also one of the only SIOTO (Safe Inflatable Operators Training Organization) Basic & Advanced certified companies in the Chicagoland area. This certification furthers our continual investment in safety procedures and knowledge with our team. The program is designed to combine best practices with manufacturer recommendations for safe operation of an array of inflatable products. Our team is routinely trained on our company's expectations and safety requirements to create a uniform standard regardless of delivery driver or operator. In addition we also have our own vinyl design and restoration center onsite, Amerizyn. Aside from California & overseas, you're not going to find anything like it anywhere else in the United States. This year we've invested and installed a brand new Teeco Tent Washer. This enables both us and our competitor's tents to look even more presentable on event day! Our inflatables and tents go through routine cleaning and maintenance to ensure that our products are top quality when they arrive to your event. As the sole company that repairs inflatables for products from all over the Midwest (including manufacturers warranties), you can feel confident that you'll be impressed with our products and service.

Our philosophy is that if we're not comfortable allowing any of our family on any of our products, we're not going to carry it in our inventory!

*Stephen Rhea*

Screen  
FUN

POP-Noggins Green Screen System

Point, Shoot, Print Photography

GREEN SCREEN PHOTOGRAPHY creates a fun and interactive photo experience that generates excitement among event attendees and helps you capture the live pulse of the event. The number one thing people tell others about after an event is the interaction they had with other people. The more fun the interaction, the more memorable it is. Guest photos are available immediately on-site and in real-time at the event. The one thing everyone keeps is a unique photo of themselves!

Choose From 50+ Backgrounds  
as you stand in front of a green screen.  
We super impose your body in a setting  
of your choosing and print on site for you to take home.

#### Package Includes:

4 x 6 Printer

Photo Sleeves

Props and Costumes

Custom sleeve labels.

Green Screen Back drop

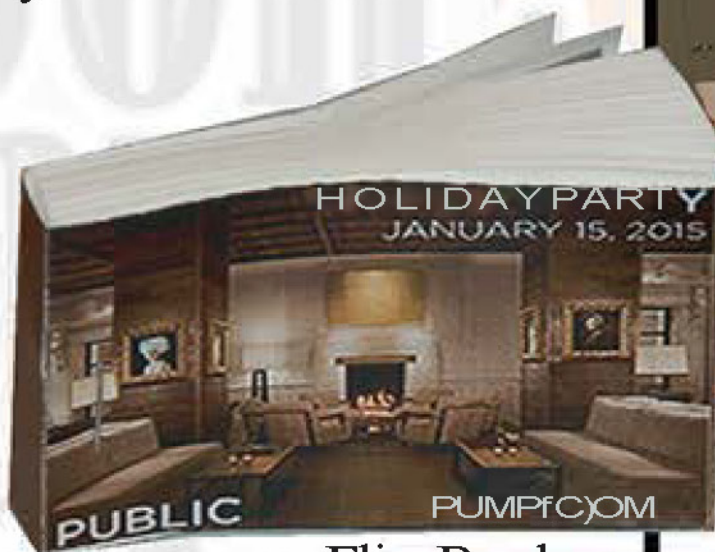

Camera w/Photographer

- Certificate of Insurance showing additional insured information

## (FAQs) Frequently Asked Moon Jump Rental Questions

**Q: Why should I choose AMJ Spectacular Events for my event?**

A: We are a locally owned, family operated company that has been proudly serving Chicago land and the suburbs since 2001. Because we live & work in the community we pride ourselves on helpful, friendly customer service. With over 400 different styles of inflatable's to choose from, we know we can provide the right product for every party.

**Q: How far in advance should I make my reservation?**

A: The sooner the better! People reserve our units weeks and sometimes months in advance. We don't want you to miss out on the fun! The weekends are our most popular days and book up quickly. So the earlier you reserve the more choices you have.

**Q: Do you require a deposit?**

A: Yes. A deposit is required at the time of booking. A \$50 deposit is required, parties over \$500 a 50% deposit is required. The deposit does go toward your balance. The remainder is to be paid in full at the time of set-up. Deposits are only refundable in the case of inclement weather, prior to delivery from the warehouse.

**Q: May I have my event at a city or county park?**

A: Yes. However, certain permit or licenses maybe required by the park district or forest preserve. Most require proof of insurance (certificate of insurance). Check with the individual park or call us to find out the requirements. There is a \$50 fee to be named as additionally insured.

**Q: Will the moon jump ruin my grass?**

A: No. The grass will jump back to its natural form within a day or two.

**Q: When do you deliver my order to the party?**

A: We usually deliver in the morning between 7am and 11am. Pick up will begin after 7pm. If there are special time requirements, our professional full-time staff will work with you. If a later pick-up is required, an additional charge of \$50 will be assessed.

**Q: What if I do not have electric near by?**

A: We keep generators available in inventory for an additional rental fees of \$95 to \$105 guaranteed up to 4 hours. Generators are required if the rental item is over 100 ft from the nearest power outlet.

**Q: What are important questions to ask when renting a moon jump?**

A: Does the moon bounce have a safety ramp? If not, do not rent it. If they do not invest in the additional safety ramp to ensure the safety of the participants, do not rent from that company. Make sure the is fully insured.

**Q: What type of solution is used to clean the moon jump?**

A: The correct answer is an antibacterial disinfectant. If they do not know, they aren't using one.

## (FAQs) Frequently Asked Moon Jump Rental Questions

**Q: What if it gets really windy outside?**

A: The moon bounces must be shut off if winds exceed 15 mph. No exceptions!

**Q: Is it ok to tip the driver?**

A: Please do! Our drivers work really hard to make your party a success. If they have done a good job, please let them know.

**Q: How much should I pay for a Moon Jump?**

A: You get what you pay for- Cheap moon jumps cost less and therefore are rented for less. The higher quality moon jumps have the latest safety features, and better moon jumps cost more and therefore cost more to rent. If you want the convenience of having someone deliver, set up, give instruction, and remove the moon bounce, you will pay more. If you don't mind giving up your time, there are rental agencies where you can pick up a moon bounce in your own vehicle, (they can weight up to several hundred pounds) set it up, take it down, fold it up and drive it back - you will save about \$20.

**Q: Can the moon jump be left over night?**

A: Due to Insurance requirements units must be picked up by 11:pm. Experience has shown that leaving them over night increases the chance of the moon jump getting moist and developing mildew, which is ~~unhealthy~~ and difficult to remove. As long as the moon jump is on your property, you are responsible for the unit. Therefore for your own peace of mind, we pick up the moon jumps and inflatable units the same day. This way you do not have to baby sit the moon jump, after your guest leave.

**Q: Does the blower on the moon jump need to be running all the time?**

A: Yes. The inflatable will deflate if the blower is turned off.

**Q: Can I set a moon jump on my lawn if I have a sprinkler system?**

A: Yes. Please notify our office at the time of booking. We will mark the contract accordingly. Our drivers will provide several hundred pounds of sand bags for anchoring the unit down. Metal stakes will not be used. A \$20 charge will apply for the additional service.

**Q: Why do I have to rent for the day rather than the 3-4 hours?**

A: We previously offered hourly rentals and found that most customers needed it longer. It's rare that we come to pick up a jump after an 8-hour rental and its not being used UP until the last minute. Renting a moon jump should be the least of your worries during the day of your event. Having it show up late or set-up or taken down while your guests are there can be stressful and inconvenient.

**Q: Do I need an attendant?**

A: There must always be someone supervising the moon jump. The most important duties of an attendant are limiting the number of kids in the bounce house at one time and making sure that the kids are all of similar size. Trained attendants are available at \$25/hr

## (FAQs) Frequently Asked Moon Jump Rental Questions

**Q: What are the rules when using a moon bounce?**

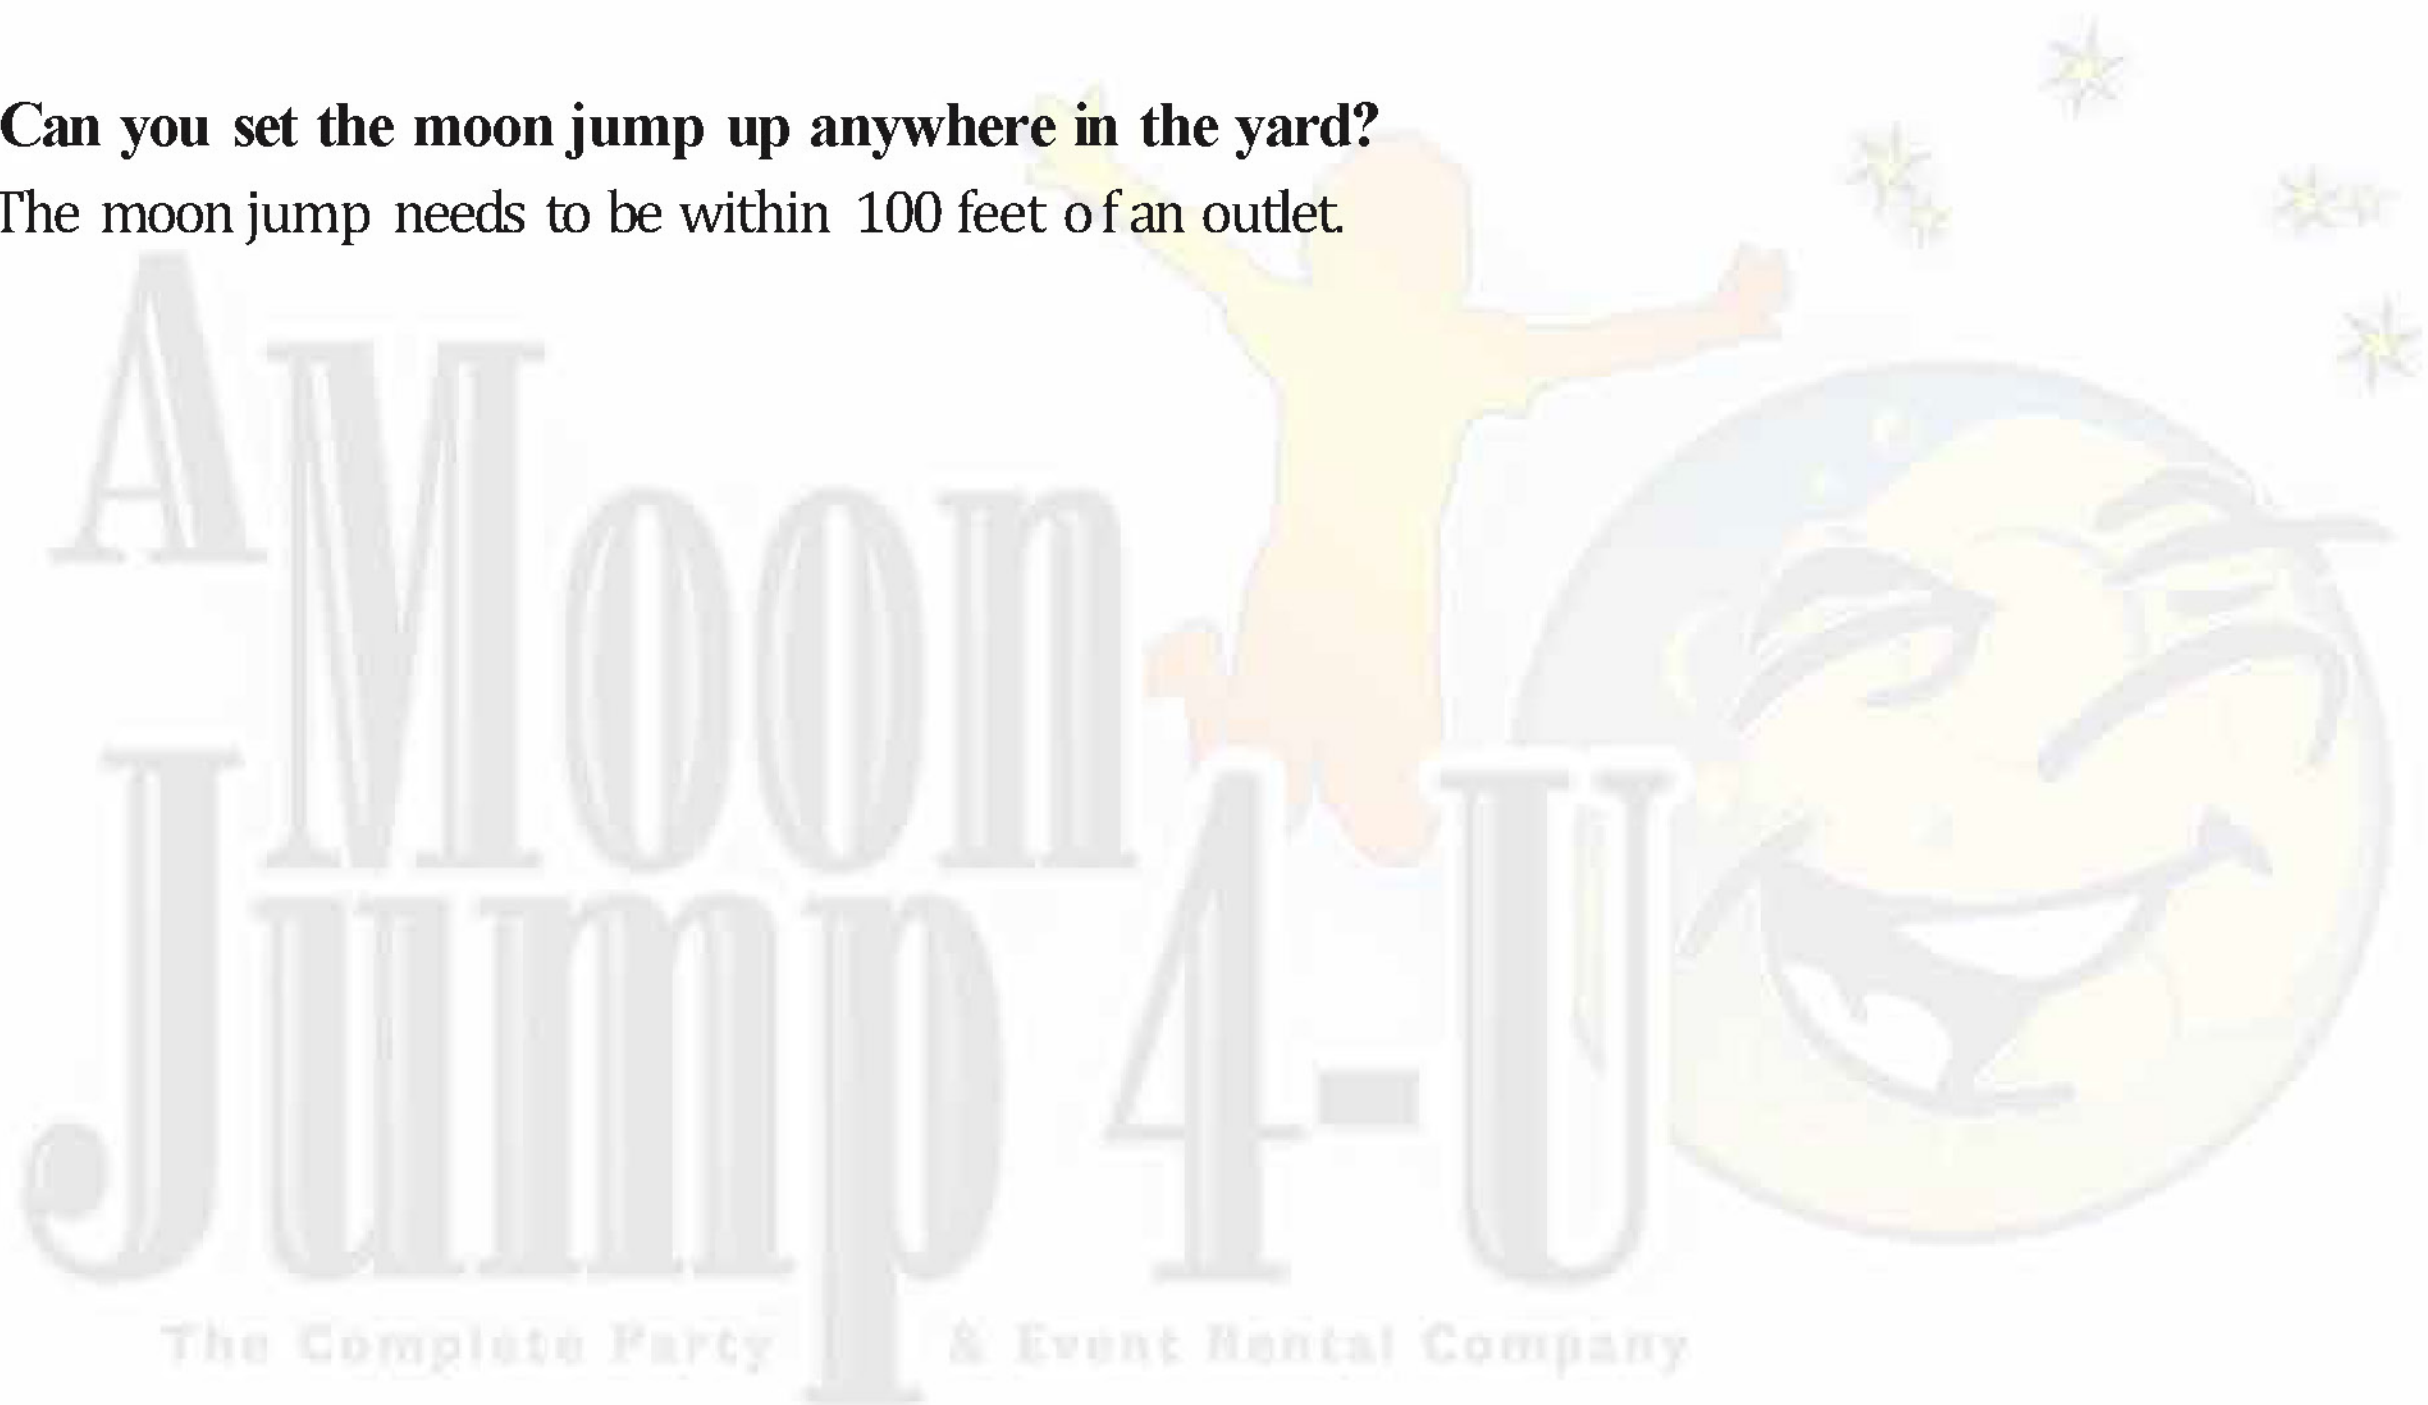

A: No food or drink, no shoes, no sharp objects, no visible metal zippers, no medical conditions including pregnancy, no wrestling/roughhousing, no hanging on the netting, no flips, no Silly String or Sand.

**Q: Can you set the moon jump up on cement or asphalt?**

A: Yes, the moon bounce will be secured with sand bags rather than stakes. However, it is highly recommended that the moon jump be set up on grass whenever possible. The cement is unforgiving when this happens. There is an additional \$20 fee for a hard surface set-up.

**Q: Can you set the moon jump up anywhere in the yard?**

A: The moon jump needs to be within 100 feet of an outlet.

## Policies

Policies are subject to change.

### Change To Orders:

All changes must be done two (2) days/48 hours prior to event setup.

Availability of items cannot be guaranteed.

### Cancellations:

The deposit is non-refundable. This deposit may only be refunded due to weather (rain/high winds/hail).

However, if you decide to cancel your order once the driver has arrived at your door or is already on the way, payment is due in full. \*AMJ Spectacular Events reserves the right to cancel any event due to severe weather, and any acts of God; such as rain, winds, extreme heat, lightning, and extreme cold.

### Rain:

All cancellations must be received by 7am CST the morning of the event.

Some inflatables can be used in light rain. If a jump gets wet, simply wipe down the inflatable and let the kids back in. The kids do not care if it has rained - they just want to play. The vinyl gets very slippery when wet, so make sure it is dry. If winds are more than 15 mph, the inflatable must be deflated. Also, please be aware of lightning in your area - immediately unplug your blower.

Pool tables, air hockey, and electronics of any kind cannot be placed outdoors if there is even a slight risk of rain.

### Delivery/Setup:

We deliver, set up, and pick-up all rentals. All you have to do is pick up the phone and call! Typically, we will deliver and set up your event rental items in the morning. We strive to ensure that every item is clean and in good working condition before your party starts. However, when setting up if the driver feels it is not a good or safe place to set up the item(s), due to the obstacles that may damage the unit, he will not set up and an alternative site will need to be found. Later that evening we will return to take down the item(s). Pick-up times are usually between 7pm - 9pm CST. Safety is our number one priority. If it becomes dark before our driver arrives, please provide lighting, such as a spot light. If it is dark, the kids cannot see each other.

### Safety:

Keeping your event safe is our #1 priority. There are a few ways to achieve this goal:

You may hire our trained staff;

Make sure there is always someone over 18 years of age watching over your items;

Request copies of our safety sheets for each item.

### Charges/Payment:

We do require a deposit at time of booking, which is applied to your invoice total. The deposit can be made with cash, business check\*\*\*, credit card\*, or money order. The balance can be paid anytime up to the day when the driver or services are delivered to your event. The balance can also be paid with cash, business check\*\*\*, credit card\*, or money order.\*\* ALL orders must be paid before or at time of set up.

### Insurance:

AMJ Spectacular Events carries liability insurance on all of our rentals. If your event needs "PROOF OF INSURANCE", our insurance company will be happy to supply you with the documentation. There is a small fee to be named as additionally insured. Just let us know when booking your order, and we'll include the document with your contract agreement.

## **Behavior:**

Under no circumstances should anybody use the inflatable to do flips or climb on the sides or the walls.

The inflatables are not trampolines and do not have the rebound of a trampoline. Remember, the #1 objective is to have fun and safety is a must. Also, absolutely no silly string! This will eat into the vinyl of the inflatable. You are responsible for the safety of the children and for the care of the equipment.

\*

- A convenience fee of 3% (or .03 X cc charge) is added to all credit card charges. To avoid this fee, you have the option to pay by cash, check (on conditions) or money order. The convenience fee is kept out of our main pricing to give the customer the best possible prices. Other companies add these fees to their services or products, we are proud to say we do not and offer this saving back to the customer.

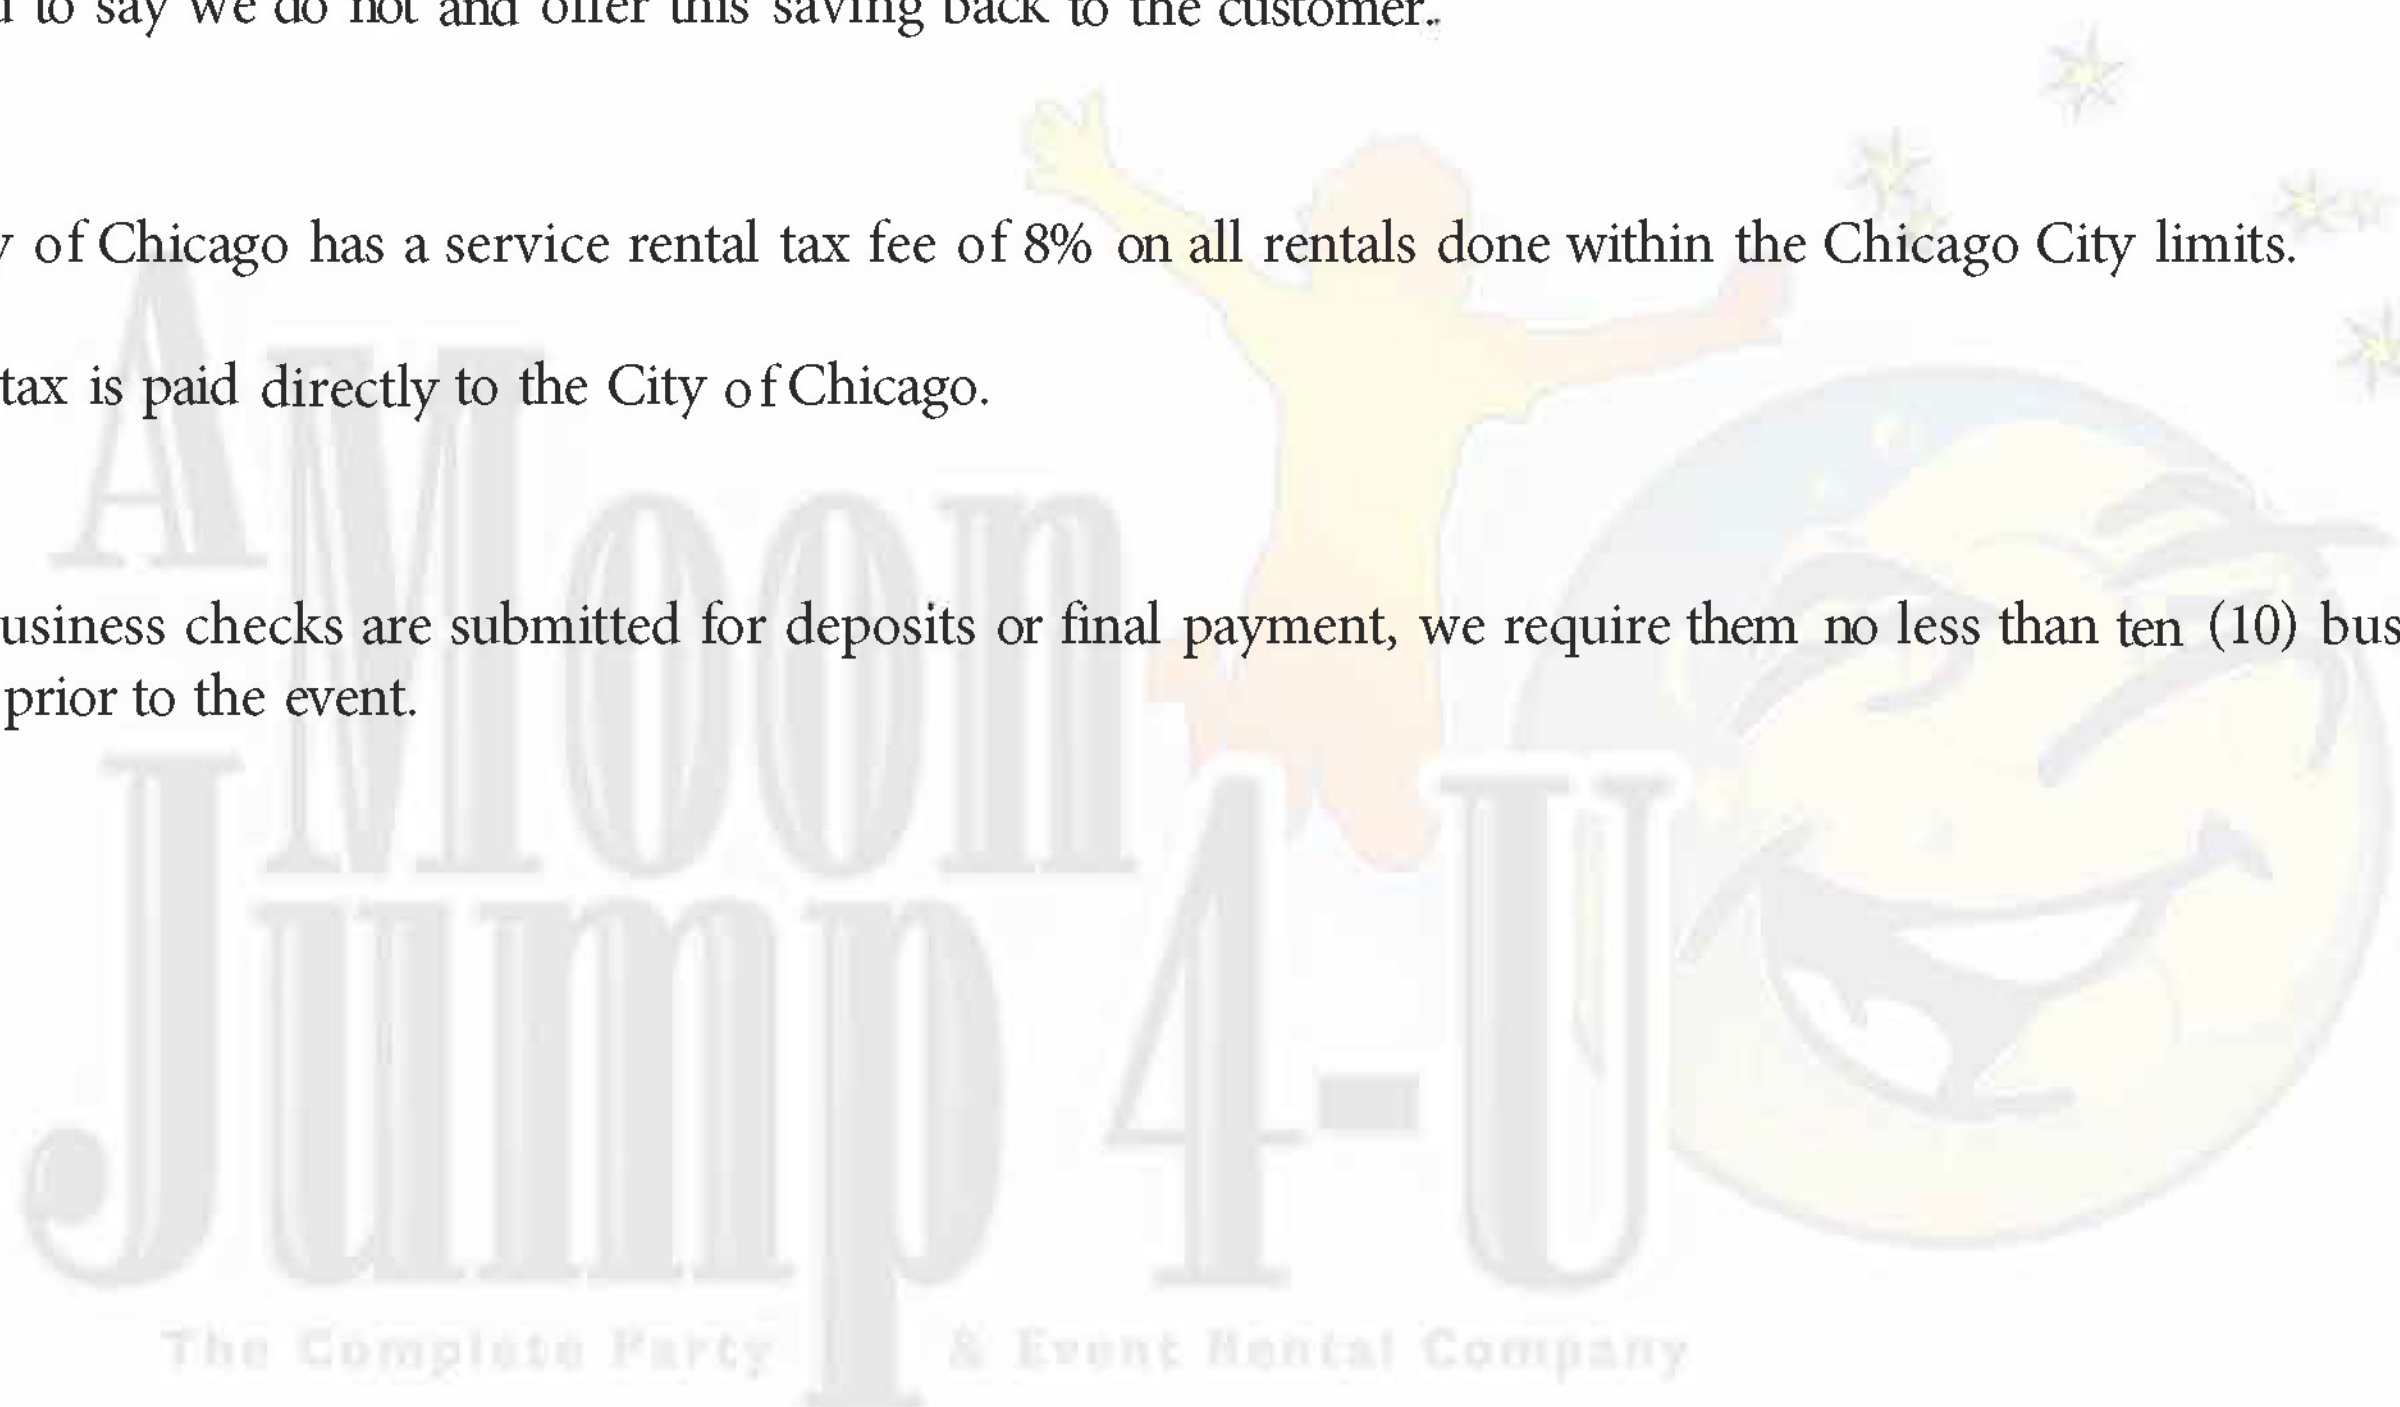

\*\*

- City of Chicago has a service rental tax fee of 8% on all rentals done within the Chicago City limits.

This tax is paid directly to the City of Chicago.

\*\*\*

- If business checks are submitted for deposits or final payment, we require them no less than ten (10) business days prior to the event.
